NOTE

In December 2009, I substantially extended Section 4.8, Scoring of landscape factors. I also corrected the analysis and graphs in Section 4.11, Development of predictive models, and in Section 6.4, Detailed analysis of the Coastal Development Survey.

These changes do not affect the basic findings of the original report.

**I must down to the seas again, for the call of the running tide
Is a wild call and a clear call that may not be denied;
And all I ask is a windy day with the white clouds flying,
And the flung spray and the blown spume, and the sea-gulls crying.**

John Masefield, Sea Fever (2nd verse)
